

SECOND SUNDAY IN ORDINARY TIME

January 18th, 2025

Jesus is the Paschal Lamb of the Christian Passover, who by His death delivered the world from sin, as the original paschal lamb's blood delivered the Israelites from the destroying Angel. And Jesus is also the Servant of God described in Isaiah as being led without complaint like a lamb before the shearers, a man of sorrows who "bore the sins of many and made intercession for the transgressors." Thus at the beginning of his Gospel St. John outlines a whole Christology: Jesus is the eternal existing One, who is to die as the Paschal Lamb and Suffering Servant for the sins of men and women, and then pour forth the Holy Spirit on a new Israel – the Church.

[History of the Catholic Church \(#100\)](#) – This sacralization of the clergy was brought about by various developments – legal, theological, and liturgical. The Old Testament priesthood, for instance, was seen as the type and model for the New Testament priesthood. The more elaborate liturgy of the post-Constantinian era, with its features borrowed from life and culture, enhanced the image of the minister as a sacred personage. The ministry of the Word diminished in importance when infant baptism became the rule rather than the exception, for infants could not be preached to. Imperial legislation established the clergy as an independent corporation with its own rights and immunities.
